1 2 3 4 5

1. Type of Awning: Sunchaser—8500—9000—WeatherPro
2. Color of Awning : GN-Granite, EA-Fawn, GP-Blue Steel
3. Awning Size: 12-12', 16-16', 19-19', 21-21'
4. This is to determine if original equipment or aftermarket!
5. This is the color of the castings: B-Polar White, U-Black

This is the Model number we always wish to inquire to confirm the size and the style. Without this information, well it is hard to determine the exact RV awning style, size, color of existing fabric and metal castings to match your existing hardware.
