Comparing Deluxe, Elite, and Full Cover Slide Toppers

The Deluxe series is the entry level topper that comes with vinyl fabric to protect the top of your slide out. Fits slide out rooms with a flange to flange measurement from 56" to 187-³/₄". Fabrics available in polar white, black, and satin. The brackets and end caps are available in polar white, black, satin, and champagne.

[Deluxe Slide Topper - *New Model*](#)

The Elite series comes with a *metal* weathershield that will protect the fabric even further. While the Elite series slide topper is a bit more expensive, it will be able to protect the fabric much more than the Deluxe series. Fits slide out rooms with a flange to flange measurement from 56" to 187-³/₄". Fabrics available in polar white, black, and satin. The metal weathershield, end caps, and brackets are available in Polar white, black, satin, and champagne.

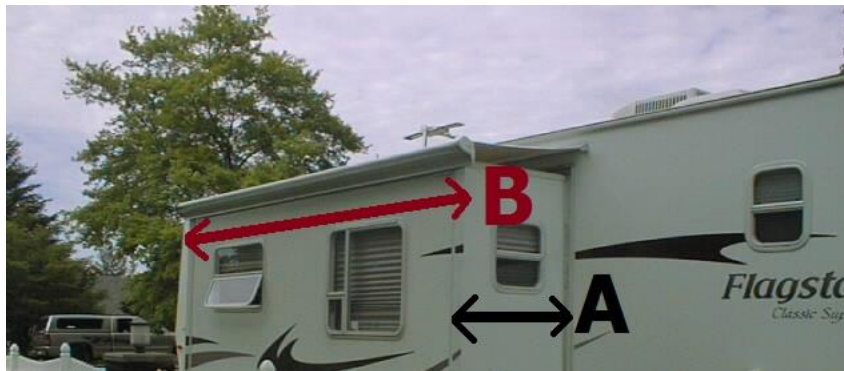

[Elite Slide Topper - *New Model*](#)

Full cover slide toppers use a strong metal case that will protect the slide topper fabric to an even further extent than the metal weathershield on the Elite series. Fits slide out rooms with a width from 56" to 187 ³/₄". Fabrics available in polar white, black, and satin. The case that holds the fabric and brackets are available in Polar white, black, satin, and champagne.

Determining New Slide Topper Sizes

Slide topper measurements:

A – This is the full extension of the slide out room. Dometic slide toppers can fit on rooms with a full extension up to 42”

B – The width of the slide out. The slide out’s flange to flange measurement is used to determine which slide topper is needed.

To determine which size of slide topper you are needing, measure the width of the room (flange to flange, dimension B) according to the image provided above and refer to the slide topper fit chart below. Measurement A must be 42” inches or less. Fabrics are available in polar white, black, and satin.

We now have a Youtube video as well that will show you how to measure your slide out for a new slide topper. [Click here](#) to watch the video.

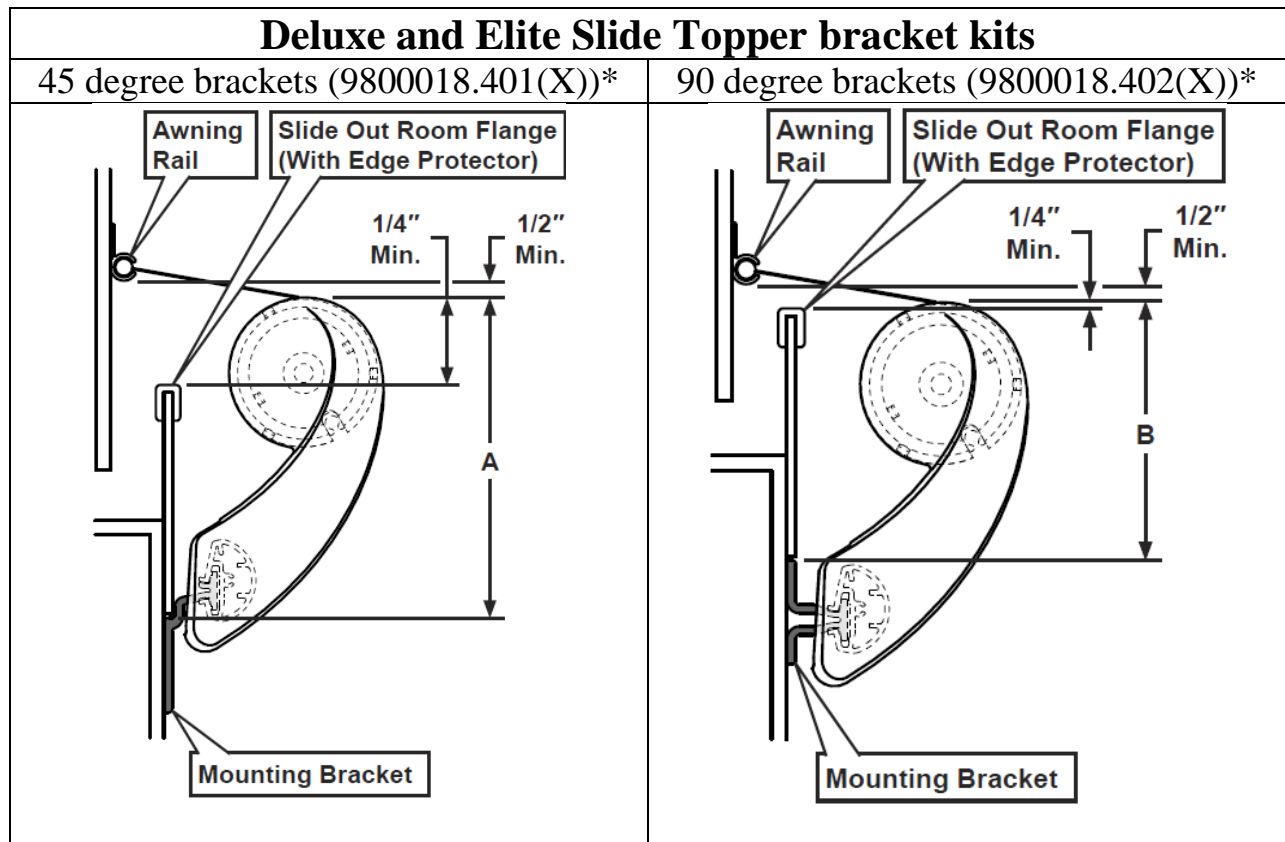

Fit chart – Applies to All Slide Toppers

Flange to Flange	Recommended Size	Flange to Flange	Recommended Size
56" to 61 ³ / ₄ "	66"	122" to 127 ³ / ₄ "	132"
62" to 67 ³ / ₄ "	72"	128" to 133 ³ / ₄ "	138"
68" to 73 ³ / ₄ "	78"	134" to 139 ³ / ₄ "	144"
74" to 79 ³ / ₄ "	84"	140" to 145 ³ / ₄ "	150"
80" to 85 ³ / ₄ "	90"	146" to 151 ³ / ₄ "	156"
86" to 91 ³ / ₄ "	96"	152" to 157 ³ / ₄ "	162"
92" to 97 ³ / ₄ "	102"	158" to 163 ³ / ₄ "	168"
98" to 103 ³ / ₄ "	108"	164" to 169 ³ / ₄ "	174"
104" to 109 ³ / ₄ "	114"	170" to 175 ³ / ₄ "	180"
110" to 115 ³ / ₄ "	120"	176" to 181 ³ / ₄ "	186"
116" to 121 ³ / ₄ "	126"	182" to 187 ³ / ₄ "	192"

Additional Information for New Slide Toppers

Brackets

Mounting brackets are included for free along with the purchase of a new slide topper as they are required when installing a new unit. Brackets may also be purchased separately if needed. Hardware brackets for all slide topper series include an anti-billowing mechanism to protect against the wind. 45 degree brackets are most common for most applications.

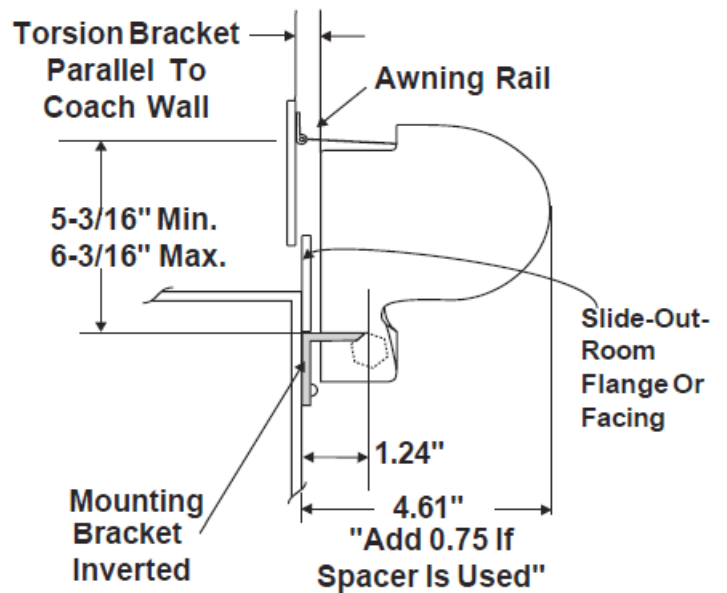

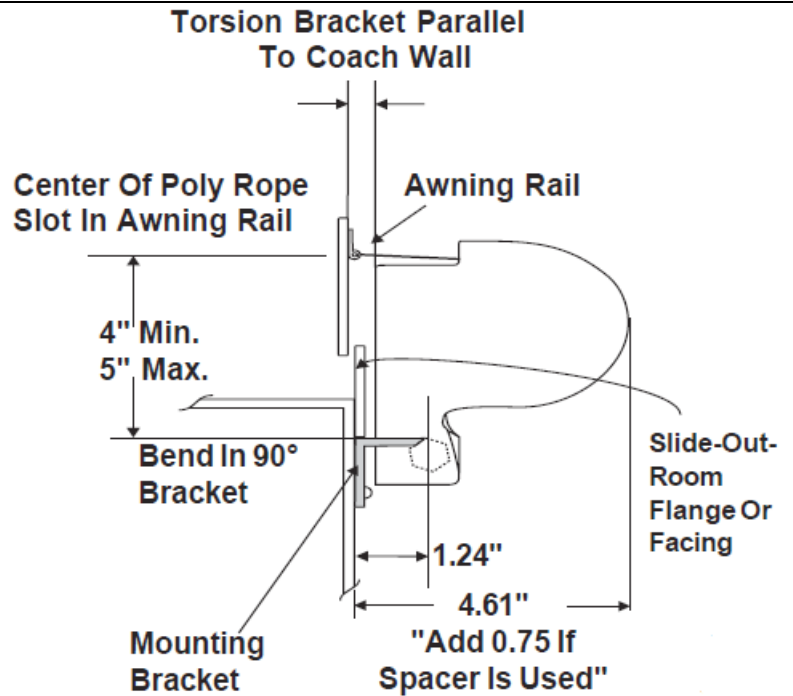

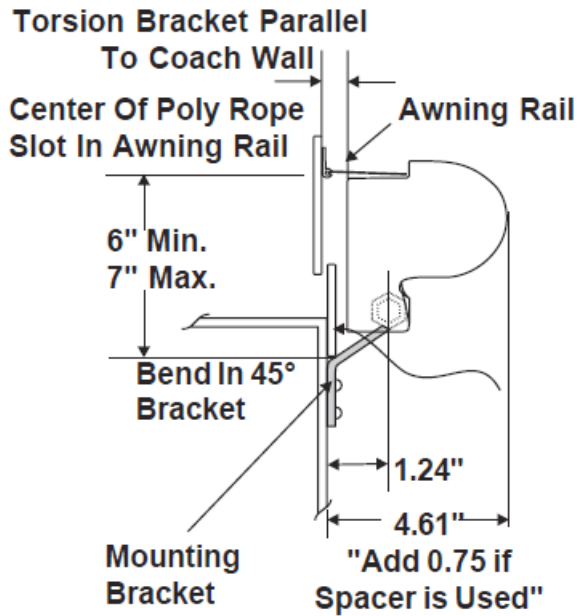

* X represents the color of the brackets. Available in white (B), champagne (R), satin (S), and black (U).
